# Pie Chart Assignment:

Name:_____

1. Five hundred students at Bouncefield Collegiate were quizzed about their favourite sport. The table below gives their responses. Create a Pie chart of this data.

Favourite Sport	Number out of 500	Number as Percent = # / total x 100	Sector angle in degrees (round) = Percent / 100 x 360
Rugby	200		
Skateboarding	125		
Snowboarding	100		
Thumb War	75		
Total:	500		

2. A company wants a pie chart of its salaries. Fill in the chart and create the pie chart the company wants.

Job	Salaries	Salaries as Percent = # / total x 100	Sector angle in degrees (round) = Percent / 100 x 360
Manager	100 000		
Plant Head	75 000		
Welder	45 000		
Metal Cutter	40 000		
Assembler	35 000		
Total
